

A5 | S5

Beautiful view
- whatever your perspective

Comes with
a new, tauter look

The new Audi A5 Sportback, Coupé and Cabriolet comes with a new cutting-edge MMI touch operating concept. Its mild hybrid technology reduces fuel consumption and offers greater comfort.

Elements of the new design language outline the sporty aesthetics of the Audi A5 and gives more depth and width. In addition, it offers trendsetting technology such as the standard Audi Matrix LED headlights and a large infotainment stage.

Aesthetic design
Electrified
Well connected

Amazing design

Impressive sportiness

The Singleframe honeycomb grille is flatter and wider. Ventilation slits above the grille are reminiscent of the classic Audi Sport quattro from 1984. A bold blade forms the lower edge of the bumper which features larger air inlets. Together with a new sill, the design provides a slimmer appearance when viewed from the side and wider from the back.

The new A5 comes standard with Matrix LED headlights at the front and allows more precise, higher-resolution illumination of the road ahead without affecting other road users. The headlights instantaneously and seamlessly detect on-coming vehicle and masks the appropriate light-emitting diodes in the other vehicle's field – while still lighting the area around them.

Intuitive and in focus

The digital world of the Audi A5 Sportback can be controlled intuitively on the 10.1-inch MMI touch display with acoustic feedback. The new Audi virtual cockpit presents you key driving-related information and whose customizable operation, intuitive menu guidance and driver-oriented display dispenses with unnecessary complexity.

Cutting-edge MMI touch system and Audi connect

With its new MMI touch operating concept, the Audi A5 offers you a seamless experience similar to a smartphone. The Audi A5 offers a large selection of Audi connect services that come standard, such as the remote locking/unlocking of car, point-of-interest search, allowing you to send a destination to car remotely so you can hit the roads the moment you enter the car.

Stand out from the crowd

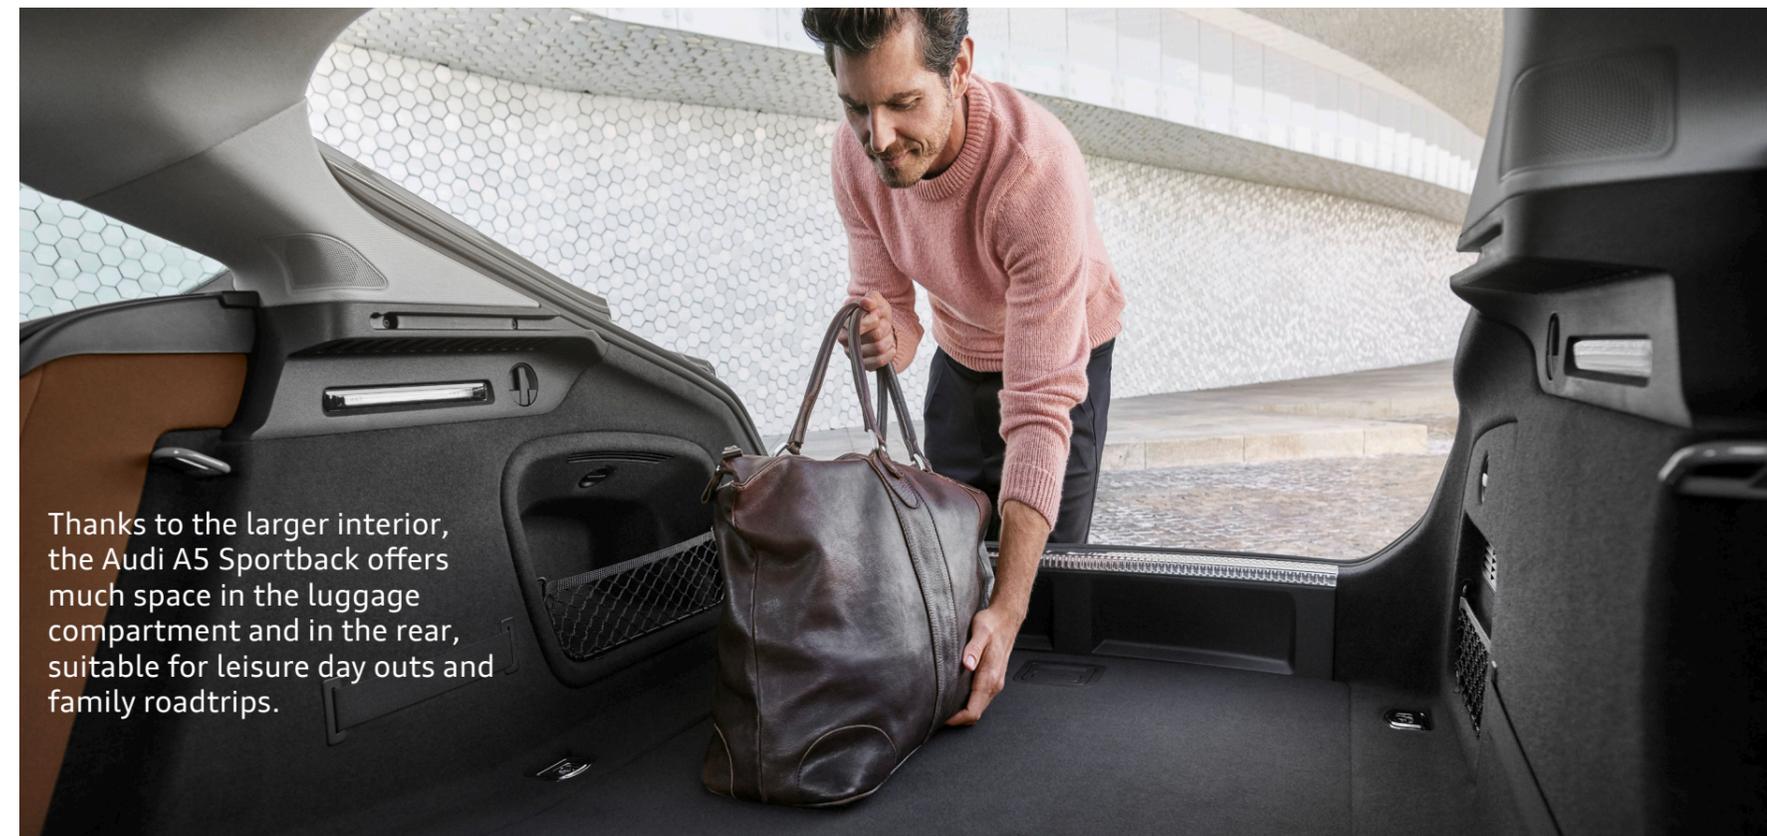

The Audi A5 Sportback's suspension harmonizes perfectly with the cultivated sportiness that all A5 models convey. Equipped with an automatic 7-speed S tronic transmission drive.

Allow more light in with the optional panoramic glass sunroof and enjoy the natural sunlight or night view, a treat for the passengers in the car.

Thanks to the larger interior, the Audi A5 Sportback offers much space in the luggage compartment and in the rear, suitable for leisure day outs and family roadtrips.

Enjoy the drive and the surroundings too

Experience pure driving pleasure with the Audi A5 Cabriolet. When closed, the soft top fits elegantly into the design. The trunk volume is 370 litres. When driving at up to 50 km/h, the convertible top can be opened within 15 seconds and closed within 18 seconds.

The A5 comes with electrically adjustable front sports seats, complete with 4-way lumbar support and memory function for the driver's seat. No doubt a quick way to get right into your customised seat settings and a pleasant start to your everyday drive in the Audi A5.

Feel the power of the S5

The S5 Sportback is an endurance athlete, paired with a powerful V6 engine under the hood.

The high performance S5 Sportback comes with 8-speed tiptronic and permanent quattro all-wheel drive which promises you an exhilarating driving experience.

Cultivated Sportiness

The suspension technologies play a large role in the dynamic character of the S5 Sportback and is complemented with S-specific damper control and the optional dynamic steering.

Headlights with LED technology and Matrix LED technology are a standard in the S5 Sportback or you may choose to upgrade to the Audi laser lights as an option.

The Audi S5 gives you 354hp of pure exhilaration. This synergy of power, torque, spontaneity, efficiency and range is unique.

Stand out further by customising your rims to give character and personality, with Audi Sport cast alloy wheels.

Completing the look of the Audi S5 are the brake calipers that are painted in red.

Sports seats in Fine Nappa leather with S embossing come standard in the Audi S5 range. Together with lumbar support and pneumatically adjustable, with massage function for front seats.

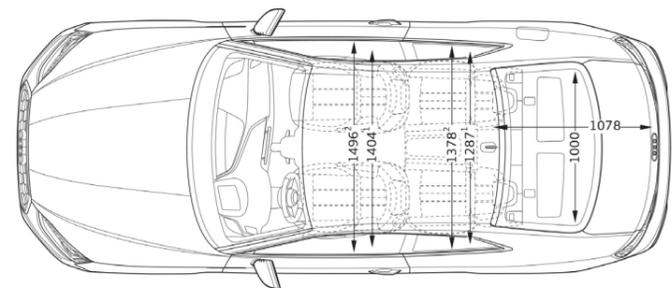

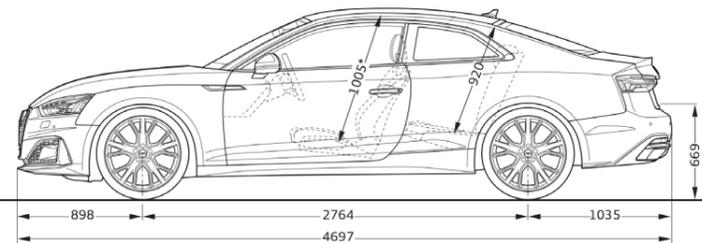

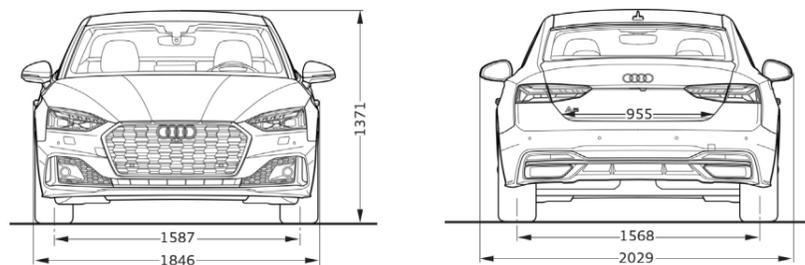

The Audi S5 wide rear is emphasized by the S diffuser with a surrounding clip in matt aluminum silver, paired with the S-specific double tailpipes in chrome and a S rear spoiler completing the overall look.

Audi A5 Coupé Dimensions in mm

Dimensions measured with vehicle at unladen weight.
Luggage compartment volume: 465L.
Turning circle approx. 11.5 m.

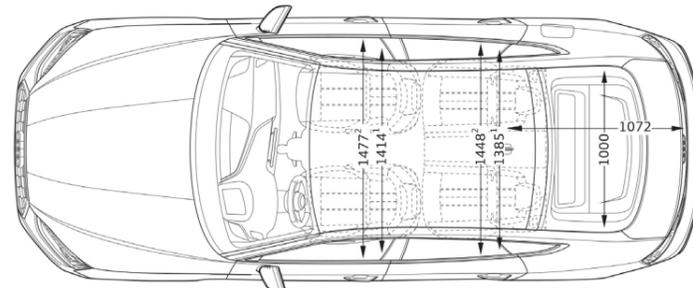

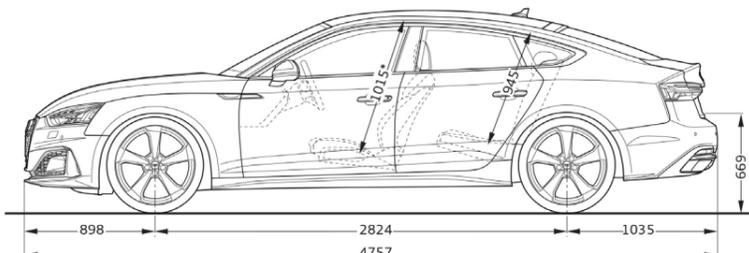

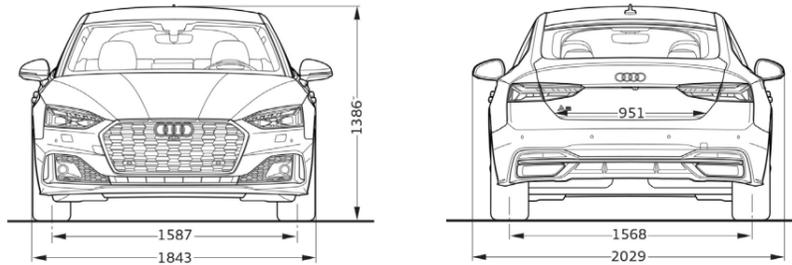

* Maximum headroom.
¹Elbow room width. ²Shoulder room width.

Audi A5 Sportback Dimensions in mm

Dimensions measured with vehicle at unladen weight.
Luggage compartment volume in litres: 480L.
Turning circle approx. 11.7 m.

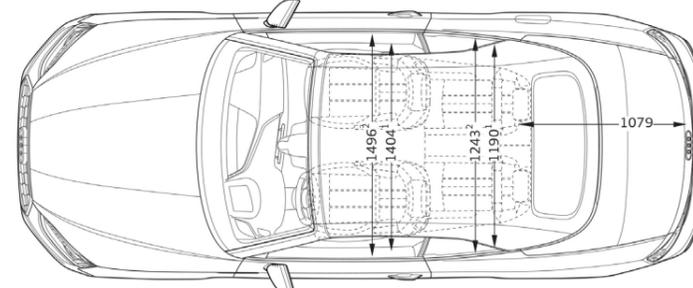

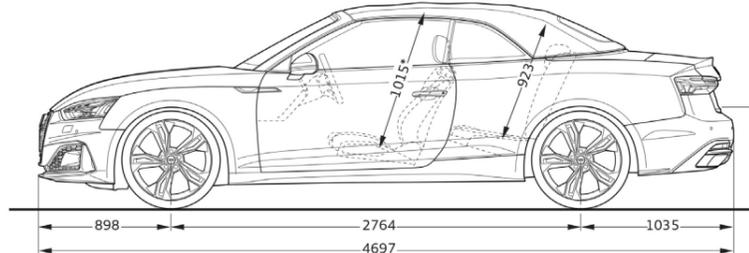

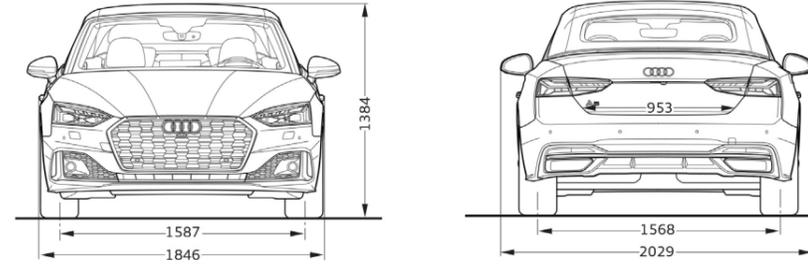

* Maximum headroom.
¹Elbow room width. ²Shoulder room width.

Audi A5 Cabriolet Dimensions in mm

Dimensions measured with vehicle at unladen weight.
Luggage compartment volume in litres: 370L.
Turning circle approx. 11.5 m.

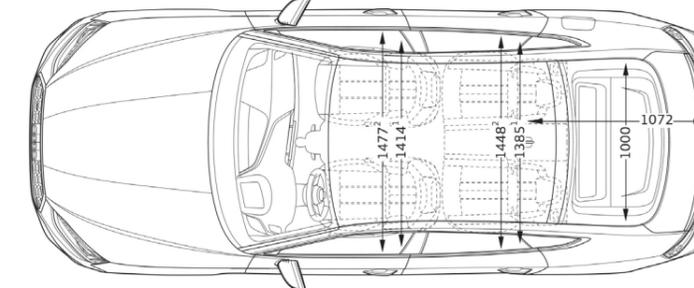

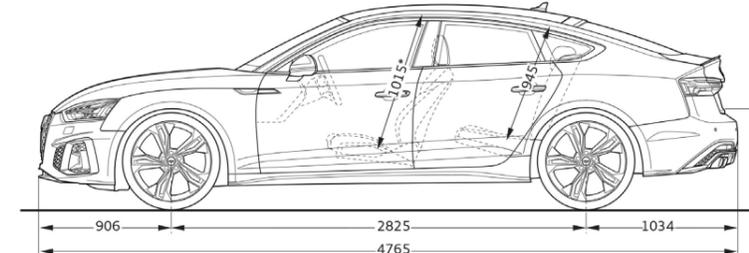

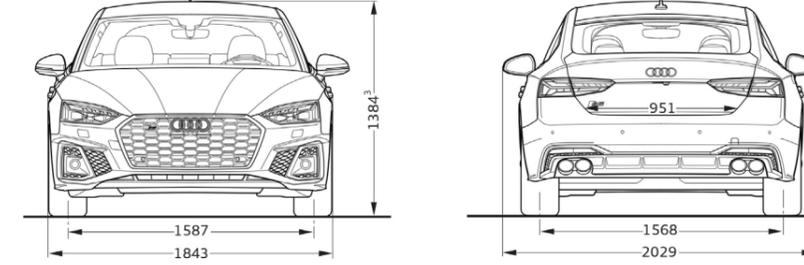

* Maximum headroom.
¹Elbow room width. ²Shoulder room width.

Audi S5 Sportback Dimensions in mm
