

Q5

Now is calling.

In a world full of possibilities, every day is an opportunity – seize it with the Audi Q5.

Created for almost every landscape: The Audi Q5.

Don't leave anything to chance. Regardless of comfort, style or driving dynamics, this premium SUV is all-rounded. From its appearance, drive, to its pioneering technology, the Audi Q5 is versatile for your daily adventure.

Developed to move you. Even when at a standstill.

Every detail of the Audi Q5 is characterised by the typical Q design and embodies dynamism and confidence. Like the striking bonnet or the gently sloping roof line, the exterior mirrors on the shoulders and the slim window line. The partly polished cast aluminium wheels in 5-segment-spoke design in contrasting grey define sportiness and leaves you with an impression, even off-road.

Give light a whole new design: the Audi Matrix LED headlights.

The Audi Q5 comes standard with LED daytime running lights and rear dynamic indicators. The headlights automatically adapt to road conditions for better visibility while the newly sculpted radiator grille places an emphasis on the width and strength of the Audi Q5.

One of the strengths of quattro lies in recognising the right moment.

Ready for almost any challenges on the road. The Audi Q5 offers a quattro all-wheel drive system with ultra technology. For all 4-cylinder engines with quattro permanent all-wheel drive, an intelligent operating strategy ensures that your Q5 is efficient, dynamic and safe – with the usual traction. If quattro is not required, it switches off, thus helping the driver to save fuel. The all-wheel drive remains permanently available, of course. If quattro is required during the drive, a balanced distribution of power is applied on various road conditions.

Dampens almost everything. Except your enthusiasm.

The optional adaptive air suspension adapts the damping forces of each individual wheel to the road condition, depending on the Audi drive select mode chosen. The different height levels allow you to rise above any unevenness and the damper control also permanently compensates for any additional weight. The body can be lowered by up to 55 mm for more convenient loading with a touch of a button in the luggage compartment. What's more, you can use Audi drive select to modify the drive experience: select from auto, efficiency, comfort, dynamic or individual.

**Does not skimp on power.
But helps save fuel.**

The TFSI engine makes the Audi Q5 efficient and perceptibly powerful. The 4-cylinder engines make an impression by enhancing performance. In addition, the quattro all-wheel drive guarantees a better response during steering and acceleration. The start-stop system gives the vehicle more fuel efficiency, reducing consumption without compromising performance.

Demonstrates greatness. In every detail.

The Audi Q5 has a longer wheelbase, more generous amount of space and practical storage options. The standard luggage compartment roller cover and the optional luggage compartment mat allow you to adapt the luggage compartment exactly to your requirements. The remote backrest release allows the rear seat backrests to be folded, giving more than double the luggage space. The standard sensor-controlled luggage compartment release makes loading even easier. If your hands are full, open the tailgate by moving your foot for storing heavy items at ease.

Enthusiasm drives power.

It creates the need to explore in new drives ahead. Discover the Audi Q5.

Easy to operate. Hard to miss.

The large, slim 8.3-inch colour display in the MMI navigation plus offers impressive clarity and a straightforward operating concept, so that you are well informed in no time at all. Whether navigation, radio, phone or Audi connect – fewer buttons lead you to more functions. Quickly, intuitively and with MMI touch on request, control everything via touchscreen or voice control. The Audi smartphone interface integrates selected mobile phone content into your Audi and turns the screen into a smartphone display.

Everything at a glance. At the right moment.

The standard Audi virtual cockpit makes progress visible. The fully digital instrument cluster with high-resolution 12.3-inch screen displays a wide range of driver-related information. From speed to navigation and communication – you choose from numerous display options. And have the future in sight.

**Takes the driver everywhere.
Even to new worlds of sound and light.**

The standard Ambient lighting package makes the interior shine in a special light. Even the inlays on the dashboard are illuminated. Match the colour to your personal preference. On request, you can enjoy a concert hall atmosphere and experience a 3-dimensional sound system with the optional Bang & Olufsen sound system that comes with 19 loudspeakers.

More sporty.

With Q5 sport and the S line sport package.

Show your sporty side with the Q5 sport equipment version – all along the line. With details that emphasise the temperament of your Audi Q5 in impressive style. The S line sport package creates even more highlights and further sharpens the sporty character of the vehicle, particularly on the interior.

S line sport package – including sport seats, front, with S embossing in the backrests – S line seat upholstery in frequency Alcantara/leather combination in black – S line sport leather steering wheel in 3-spoke design with multifunction plus incl. chrome application – inlays matt brushed aluminium – pedals and footrest in stainless steel.

S line package - cast aluminium wheels in the 5-twin-spoke star design (S design), partly polished

Q5 sport line - including cast aluminium wheels in 5-spoke dynamic design, partly polished – bumpers and wheel arch trims in body colour – Radiator grille in twilight grey, matt, blades in aluminium silver, matt – further distinguishing features on the interior

More striking.

With the S line exterior package.

Don't just emphasise the sporty character of your Audi Q5 – enhance it. The S line exterior package demonstrates a powerful performance at first sight. Athletic details give the striking body line an even more unique touch and create powerful highlights.

Diffuser insert in body colour, trim strip on the diffuser in aluminium silver, matt

Door sill trims, front, with aluminium inlay and S logo, illuminated

Radiator grille in twilight grey, matt, blades in aluminium silver, matt

Powerful look.

When you choose a paint colour, choose one that best matches your own personality. Be rest assured that the quality will be at its finest as your vehicle is painted not just once, but four times. Apart from looking radiant, the car is also protected from environmental influences, wear and tear, yet maintaining a powerful look throughout its entire lifetime.
