RS 3

Saloon/Sportback

Audi Sport

THE HEART OF AN ATHLETE. IN THE BODY OF A SALOON.

Outstanding performance meets powerful design: the new Audi RS 3 Saloon will impress you with the combination of 5-cylinder power and the characteristic RS features. The 2.5-litre TFSI engine with 294 kW catapults the saloon from 0 to 100 km/h in just 4.1 seconds. On request up to a top speed of 280 km/h[1]. No less impressive are its sporty attributes that signal power and performance even at a distance. The Audi Singleframe with grille in gloss black honeycomb design and quattro logo, the striking RS bumpers, accentuated wings and 19-inch wheels in 5-arm-blade design. Numerous highlights that will thrill you just as fast as the Audi RS 3 Saloon accelerates.

The figures for fuel consumption and CO_2 emissions can be found on page 14.

Please visit www.audi.com or contact your Audi partner for detailed information about standard and optional equipment. [1] Electronically regulated.

EQUIPPED WITH ALL THE TRIMMINGS.

A particular kind of sporty experience: the driving dynamics of the new Audi RS 3 Saloon. Thanks to the 5-cylinder engine, S tronic and quattro permanent all-wheel drive that switches gears at lightning speed. And so you can enjoy the breathtaking performance just the way you like it, the standard Audi drive select allows you to adjust your vehicle's character. What's more, you can influence many vehicle components simply at the push of a button: engine characteristics, exhaust flap control, gear change points, the quattro torque distribution and the steering torque of the progressive steering can all be varied. On request so can the damper hardness of the RS sport suspension plus with Audi magnetic ride. For more dynamism and fewer compromises.

The figures for fuel consumption and CO_2 emissions can be found on page 14.

BEING INFORMED AT LIGHTNING SPEED.

Convincing at first glance: the optional Audi virtual cockpit in the new Audi RS 3. The fully-digital instrument cluster displays a multitude of information on the high-resolution 12.3-inch display – clearly arranged, brilliant and rich in contrast. Different display options – such as the special RS menu with central rev counter and sporty secondary display of values such as engine data, g-meter or on request tyre pressure/temperature – highlight a variety of content. The multifunction sport leather steering wheel provides good grip and allows you to configure the images displayed. Thus leaving you to concentrate on what is important: impressive dynamism.

THIS IS WHAT IDEAL LINES LOOK LIKE.

The new Audi RS 3 Sportback shows itself to be in top form from any angle. In addition to the wide wheel housings and sills, the RS roof edge spoiler, RS bumpers, striking diffuser inserts and the optional RS sport exhaust system with black tailpipe trims demonstrate pure sportiness. The 19-inch cast aluminium wheels in 5-arm rotor design and the optional ceramic brake at the front also illustrate the athleticism of this Performance Sportback.

WILL IMPRESS YOU AT RECORD SPEED.

Thanks to the powerful 5-cylinder TFSI with 294 kW and up to 480 Nm, the new Audi RS 3 Sportback needs only 4.1 seconds to break through the 100 km/h mark from a standing start. Only the powerful design will impress you faster. The Audi Singleframe with the grille in the three-dimensional honeycomb design and quattro logo, as well as the contoured RS bumpers, are expressions of outstanding dynamism. The optional gloss black styling package enables you to create additional accents on the front spoiler, around the Audi Singleframe and the trim strips on the side windows. Making performance visible at a glance. Even if the new Audi RS 3 Sportback disappears out of sight in the blink of an eye.

ALWAYS IN POLE POSITION. NO MATTER WHERE YOU SIT.

Create unmistakeable accents with the RS design package and make the interior of your Audi RS 3 even more sporty. With door armrests in artificial leather, black, and knee pads in Alcantara, black, both with dynamite red stitching. The front floor mats are decorated with embroidered RS logos and contrasting stitching in dynamite red. The black seat belts with red edges and the red accent rings on the air vents in the instrument panel round off the sporty interior. Making it clear when you get in: just taking a seat means you've already won.

Model	Audi RS 3	
Engine type	5-cylinder inline petrol engine with combined intake-manifold fuel injection and direct fuel injection, turbocharging with intercooling	
Displacement in cc (valves per cylinder)	2,480 (4)	
Max. output[1] in kW at rpm	294/5,850–7,000	
Max. torque in Nm at rpm	480/1,700–5,850	
Weights/capacities	**Saloon**	**Sportback**
Unladen weight[2] in kg	1,590	1,585
Fuel tank capacity, approx. in l	55	55
Performance/consumption[3]		
Top speed in km/h	250[4], optional: 280[4]	250[4], optional: 280[4]
Acceleration 0–100 km/h in s	4.1	4.1
Fuel grade	Sulphur-free SuperPlus RON 98[5]	Sulphur-free SuperPlus RON 98[5]
Fuel consumption[3, 6, 7] in l/100 km		
urban	11.4–11.3	11.4–11.3
extra-urban	6.6–6.5	6.7–6.6
combined	8.4–8.3	8.4–8.3
CO_2 emissions[3, 6, 7] in g/km, combined	191–188	192–189
Emission standard	EU6	EU6

Classifications of tyre parameters

The table shows the range of fuel efficiency, wet grip and exterior noise emission classes for the different tyre sizes of the Audi RS 3.

	Tyre size	Fuel efficiency class	Wet grip class	Exterior noise emission class
Summer tyres	235/35 R 19	E	A	72
	255/30 R 19	E	A	73
Winter tyres	235/35 R 19	E	B	72

It is not possible to order a specific tyre. Please ask your Audi partner which tyres are available in your country.

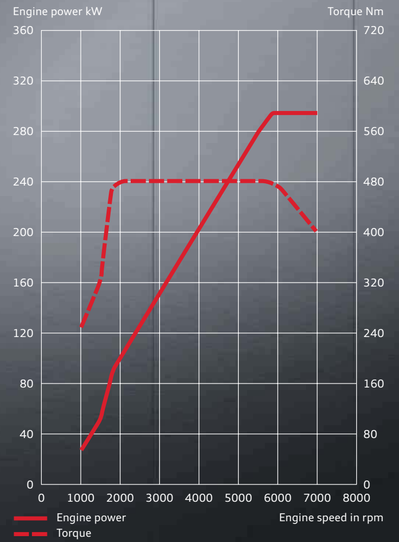
Explanatory notes

[1] The figure given was calculated using the specified measuring procedure (current version of UN-R 85).
[2] Unladen vehicle weight includes driver (75 kg) and fuel tank 90 % full, calculated in accordance with the current version of Reg. (EU) 1230/2012. Optional equipment may increase the car's unladen weight and drag coefficient, whereupon the possible payload limit and the top speed will be reduced accordingly.
[3] A vehicle's fuel consumption and CO_2 emissions do not just depend on how efficiently the vehicle uses the fuel, but are also influenced by driving behaviour and other non-technical factors. CO_2 is the greenhouse gas primarily responsible for global warming.
[4] Electronically regulated
[5] We recommend using sulphur-free SuperPlus unleaded RON 98 fuel complying with DIN EN 228. If this is not available, use sulphur-free super unleaded RON 95 fuel complying with DIN EN 228; power output will be slightly reduced. Unleaded RON 95 fuel with a maximum ethanol content of 10 % (E10) can generally be used. Fuel consumption details refer to operation with RON 95 fuel complying with 692/2008/EC.
[6] The figures given were calculated using the specified measuring procedures. The figures do not refer to one individual vehicle and do not form part of any offer, but rather should be used purely for purposes of comparison between the different vehicle models.
[7] Fuel consumption and CO_2 emission figures given in ranges depend on the tyre/wheel sets used.
[8] Technical specifications refer to a basic vehicle without country-specific settings and selected optional equipment.

Important information

Special information about the wheels: Wheels with gloss turned finish as well as polished or partly polished aluminium wheels must not be used in wintry road conditions. For manufacturing reasons, the rim surface does not have sufficient corrosion protection for such use and can be damaged permanently by road salt or similar.

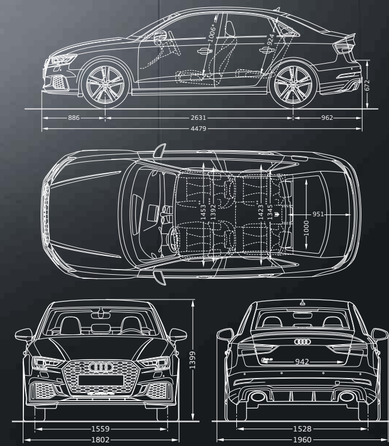
Sporty driving: Models from Audi Sport GmbH are developed and produced for driving on public roads. Compared to normal road use, vehicles are put under significantly more stress than when used on racetracks or other closed circuits (e. g. during driver training, driving courses, track days). In particular, this applies to the engine, transmission, clutch and drivetrain as well as the suspension, brake system and tyres, which can result in greater wear. Special information about driving the vehicle on racetracks or other closed circuits is available in the onboard literature or from your Audi partner.



Audi RS3 Saloon

Dimensions in mm

Dimensions are for unladen vehicle weight. Luggage capacity:* 315/770 l (second value with the rear seat backrest folded down and vehicle loaded up to the rear parcel shelf). Turning circle approx. 11.0 m.
* Maximum headroom. ** Elbow room width. *** Shoulder room width.

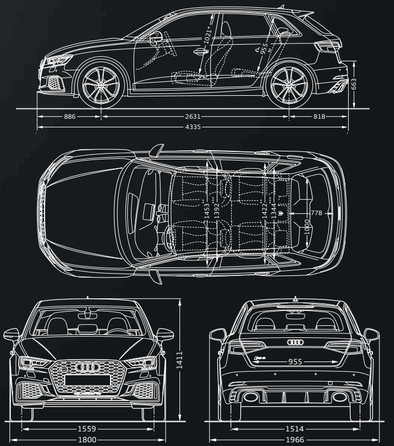


Equipment for the Audi RS 3 Saloon illustrated (page 1–7)
Paint finish: mythos black, metallic
Wheels: cast aluminium wheels in 5-arm blade design in gloss anthracite black, gloss turned finish (please note the special information relating to wheels, see page 14)
Seats/seat upholstery: RS sport seats, front, in fine Nappa leather, lunar silver, with coloured perforation, with diamond pattern in granite grey
Inlays: aluminium Race design light
Additional equipment: matt aluminium styling package, brake callipers painted in gloss red

Audi RS3 Sportback

Dimensions in mm

Dimensions are for unladen vehicle weight. Luggage capacity:* 335/1,175 l (second value with the rear seat backrest folded down and vehicle loaded up to the rear parcel shelf). Turning circle approx. 11.0 m.
* Maximum headroom. ** Elbow room width. *** Shoulder room width.



Equipment for the Audi RS 3 Sportback illustrated (page 8–13)
Paint finish: glacier white, metallic
Wheels: cast aluminium wheels in 5-arm rotor design in gloss anthracite black, gloss turned finish (please note the special information relating to wheels, see page 14)
Seats/seat upholstery: RS sport seats, front, in fine Nappa leather, black, with coloured perforation, with diamond pattern in dynamite red
Inlays: carbon
Additional equipment: gloss black styling package, RS design package, RS sport exhaust system, ceramic brake
